MOGICS

+ Personal speaker

■ **More convenience**

- Mogics Speaker's compact design brings users more convenience and it is adaptable anywhere, anytime.

■ **More safety**

- Reduce damage to hearing by listening to Mogics Speaker instead of headsets. The built-in microphone on Mogics speaker allows you to take important calls hands-free, improving road safety.

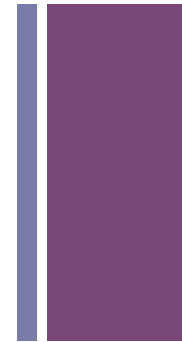

■ **More enjoyment**

- Mogics Speaker has an exceptional sound quality, the audio is clean and accentuated.

Mogics speaker is able to reach a remarkable loudness, even with its small size, especially playing lossless music.

■ **Less disturbance**

-Compared to the usual loud speakers, Mogics Speaker can orientate itself with the Flexi Stand, focuses the sound in any direction you want. Increasing clarity and reducing disturbance to others at the same time.

■ **Mobility**

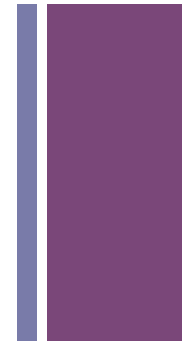

Mogics Speaker is Magnetic, Waterproof and Wireless with a small compact size. Making it mobile, handy to carry in your pocket, hung up on your bag, or attached on any magnetic metal surface. Each Mogics speaker comes with a floating disc to keep it on the water surface, so that you can easily pick up calls and enjoy music.

■ **User Friendly**

The Single-Button design allows users to simply press a button to play/pause, switch to the next song, and power on/off without a screen.

■ **Anywhere, anytime**

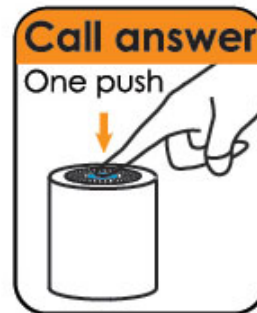

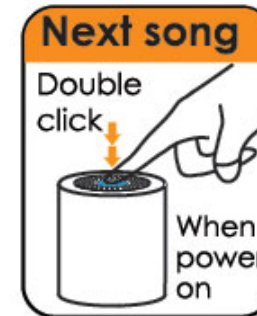

The incredible portability of Mogics Speaker allows you to use it anywhere, anytime such as driving, cycling, showering and even swimming.

+ Additional Accessories

We have designed some accessories other than the floating disc, making Mogics speaker even more handy for every occasion. Designed for user to attach/detach Mogics speaker from bike or backpack easily.

MOGICS Holder System

+ Mogics Magnet U clip (MMU)

The MMU is a magnetic metal in an U shape. It could easily be put on the sun visor of cars; drivers can operate the speaker easily with a single hand and concentrate on driving at the same time without looking at a screen.

MOGICS

+ Free-style stand: Mogics Flexi Stand (MFS)

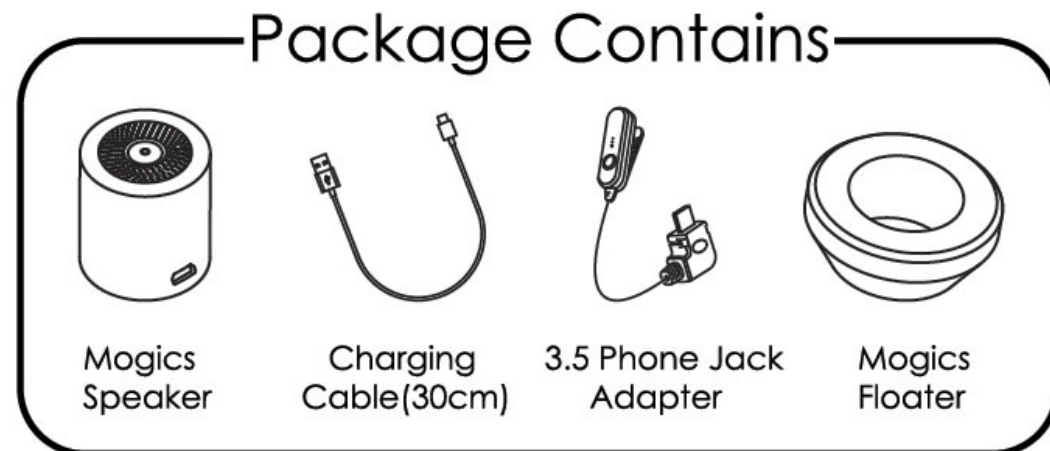

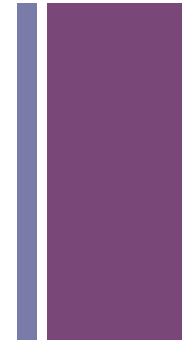

MFS is a freestyle stand that reduces the resonance between the speaker and table. It also allows users to adjust to the best angle for listening to music. The stand not only shifts the sound quality, but it also transforms the speaker set into an elegant art form.
